

Spring Evaluation Intake Form

Submission Instructions

Please review the following guidelines before sending your evaluation part. Complete all applicable fields below and include this form inside your shipment.

Types We Accept

- Any type of spring, wire form or flat spring
- Stock replacement or custom springs
- Unused, used, or broken springs (Please note condition)

Sending multiple samples of the same part is preferred if available. This helps establish nominal dimensional values and allows for additional inspection or testing if required.

Please share any additional details about your spring's application, environment, specifications, materials, finish, desired improvements.

Packaging & Shipping

Ship via a commercial carrier (Royal Mail (tracked), DHL, DPD FedEx, etc.) in a box or padded bubble mailer. Standard letter mail is not recommended.

- Individually bag, wrap, or secure loose parts
- Avoid envelopes that may bend or crush the sample
- Clearly label all parts if more than one item is included

Ship To:

Attn: Engineering - Spring Evaluation
Lee Spring
Unit 2, Smallbridge Industrial Park
Riverside Drive
Rochdale
OL16 2SH, United Kingdom
